

Student Reflection

Date: _____

Name: _____

How do you learn math best?

(describe or draw)

What are your strengths as a math learner? Give an example of how you used your strengths to solve a problem in this section.

(describe your strengths and give an example)

What are your stretches as a math learner? Give an example of a problem that was difficult in this section. How did you attempt to solve it?

(describe your stretches and give an example)
